The price to acquire the product listed may differ from the WAC price listed. How much a patient will pay will depend on the patient’s insurance coverage. To find out the exact cost of a prescription, patients should contact their health insurance company.

Connecticut law also requires manufacturers to provide information on the variation efficacy of the drug marketed to different racial and ethnic groups if such information is available. This information is not currently available for the product(s) listed above.

\*Pricing as of February 17, 2023. The pricing information disclosed above represents the WAC price, which represents the manufacturer’s published catalog or list price for a drug product to wholesalers as reported to third-party drug pricing publishers. WAC does not represent actual transaction prices and does not include other discounts, rebates or reductions in price. Pricing information listed does not imply safety or efficacy of the products, and no comparisons should be made.
